The YU.Drain SmallLine 75 is a discrete, universal aluminium attachment for installation on a discharge system (polymer, polyester concrete, ...)

This solution is manufactured from a detailed designed profiled and anodised aluminium, giving the strength and durability of a metal but without being susceptible to corrosion.

This discharge conduit is available in lengths of 1000mm, which dimension makes it possible for use in all channels that comply with standard market dimensions.

MATERIAL PROPERTIES

Material: Anodized aluminium (Ano 20micron)

Applications : Drive and terrace

WARRANTY PROVISION

If a component fails to operate correctly or should become faulty under normal use and within a period of one year from its date of installation, said component shall be repaired or replaced free of charge.

- The following shall be excluded from this warranty provision:
- ▶ Improper application
 - ▶ Transport damage
 - ▶ Improper assembly
 - ▶ Infringements of component and/or maintenance instructions.
